2013/14 RESEARCH AWARDS

Cystic Fibrosis Canada’s Research Awards recognize the outstanding contributions of Canadian CF researchers.

Senior Scientist Award

Dr. Julie Forman-Kay
The Hospital for Sick Children (SickKids), Toronto, Ontario

Cystic Fibrosis Canada’s Senior Scientist Award recognizes outstanding contributions of an established cystic fibrosis investigator.

The Robbie Award for Most Promising New Research Project

Dr. Roger Levesque
Université Laval, Quebec City, Quebec

Cystic Fibrosis Canada’s Robbie Award for Most Promising New Research Project recognizes the outstanding contributions of a cystic fibrosis investigator in the “Research Initial” category. The Award pays tribute to Robbie Wimbs and the Robbie International Soccer Tournament’s tremendous support of Cystic Fibrosis Canada.

Kin Canada Fellowship

Dr. Ryan Lamers
McMaster University, Hamilton, Ontario

Cystic Fibrosis Canada’s Kin Canada Research Fellowship is awarded to a top-ranked post-doctoral candidate who has demonstrated potential for a career in a prominent field of CF investigation.
